HOLIDAYS HOMEWORK (2026-27)

SUBJECT: ENGLISH

1 Write a factual description in about 120 words based on the above picture.

2 Change the weak paragraph into a strong paragraph. Add as many adjectives as you can. Weak Paragraph (Original)

The nice dog walked down the long street on a good day. It was very hot, so the dog felt tired. He saw a big park with green trees and nice grass. The dog wanted to play, so he ran to a small ball. A happy person was sitting on a bad bench, watching the dog. The person had a nice smile. They played for a long time until the sun went down. The sky was a pretty color. The dog felt good and wanted to go home to get some nice food. The day was good, and the dog was happy. It was a nice experience for everyone. The end of the day felt calm and nice. The dog was good and slept in a nice bed.

Stronger Paragraph (Improved) Example for reference

The gentle dog strolled down the extensive street on a brilliant day. It was scorching,

so the dog felt lethargic. He spotted a magnificent park with verdant trees and velvety grass. The dog wanted to play, so he sprinted to a tiny ball. A cheerful person was sitting on a dilapidated bench, watching the dog. The person had a radiant smile. They played for a considerable time until the sun went down. The sky was a vibrant color. The dog felt content and wanted to go home to get some nourishing food. The day was memorable, and the dog was joyful. It was a delightful experience for everyone. The end of the day felt serene and peaceful. The dog was amiable and slept in a cozy bed.

Students are required to design a *handmade poster* based on any *ONE* real-life problem given below and map an *AI-based solution* using the *AI Project Cycle*.

Choose Any ONE Topic:

- *Students spend too much time on mobile phones* 📱
- *Water wastage in daily life* 💧
- *Plastic pollution in the environment* ♻️
- *Lack of physical activity among teenagers* 🏃
- *Forgetting daily tasks or homework* ⌚
- *Cyberbullying on social media* 🔒

Students have to prepare a *creative handmade poster* including the following components of the *AI Project Cycle*:

1. Problem Scoping

Use the 4Ws Canvas to explain:

Who is affected?

What is the problem?

Where does it happen?

Why is it important to solve?

2. Data Acquisition

Mention at least three sources from where data can be collected related to the problem.

3. Data Exploration

Draw a simple sample visualization such as a bar graph, pie chart, or table showing what the collected data might look like.

4. Modelling

Choose either:

Rule-Based Approach OR

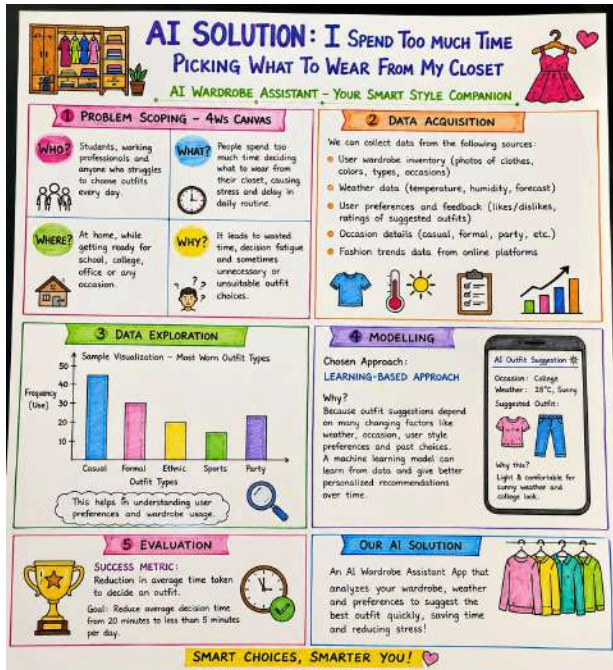

Learning-Based Approach

Also explain why the selected approach is suitable for solving the problem.

5. Evaluation

Define one Success Metric to measure whether the AI solution is working properly or not.

Students may take help from ChatGPT, Gemini, or other AI tools for generating ideas and suggestions.
